What Is QuarrySAFE[©]

The QuarrySafe Competence Assessment (QSCA) is a comprehensive assessment based on the National Occupational Standards (NOS) comprising of an observation of skills, a multiple-choice test of knowledge, a consideration of training & experience and a discussion of other qualities.

The Min-Train[™] QSCA[©] was developed to ensure that drivers and operators of site vehicle equipment were Assessed, Coached and Mentored to ensure competence.

QSCA® PLANT & OPERATOR SKILLS CARDS

EMPI Awards QSCA (Off-Road) is for off-highway plant & equipment used in quarrying and mineral processing applications. This accredited scheme provides employers with a choice of how to demonstrate a competent workforce.

Our QSCA® Plant Skills Card Categories Include:

ADT & Rigid Dumper

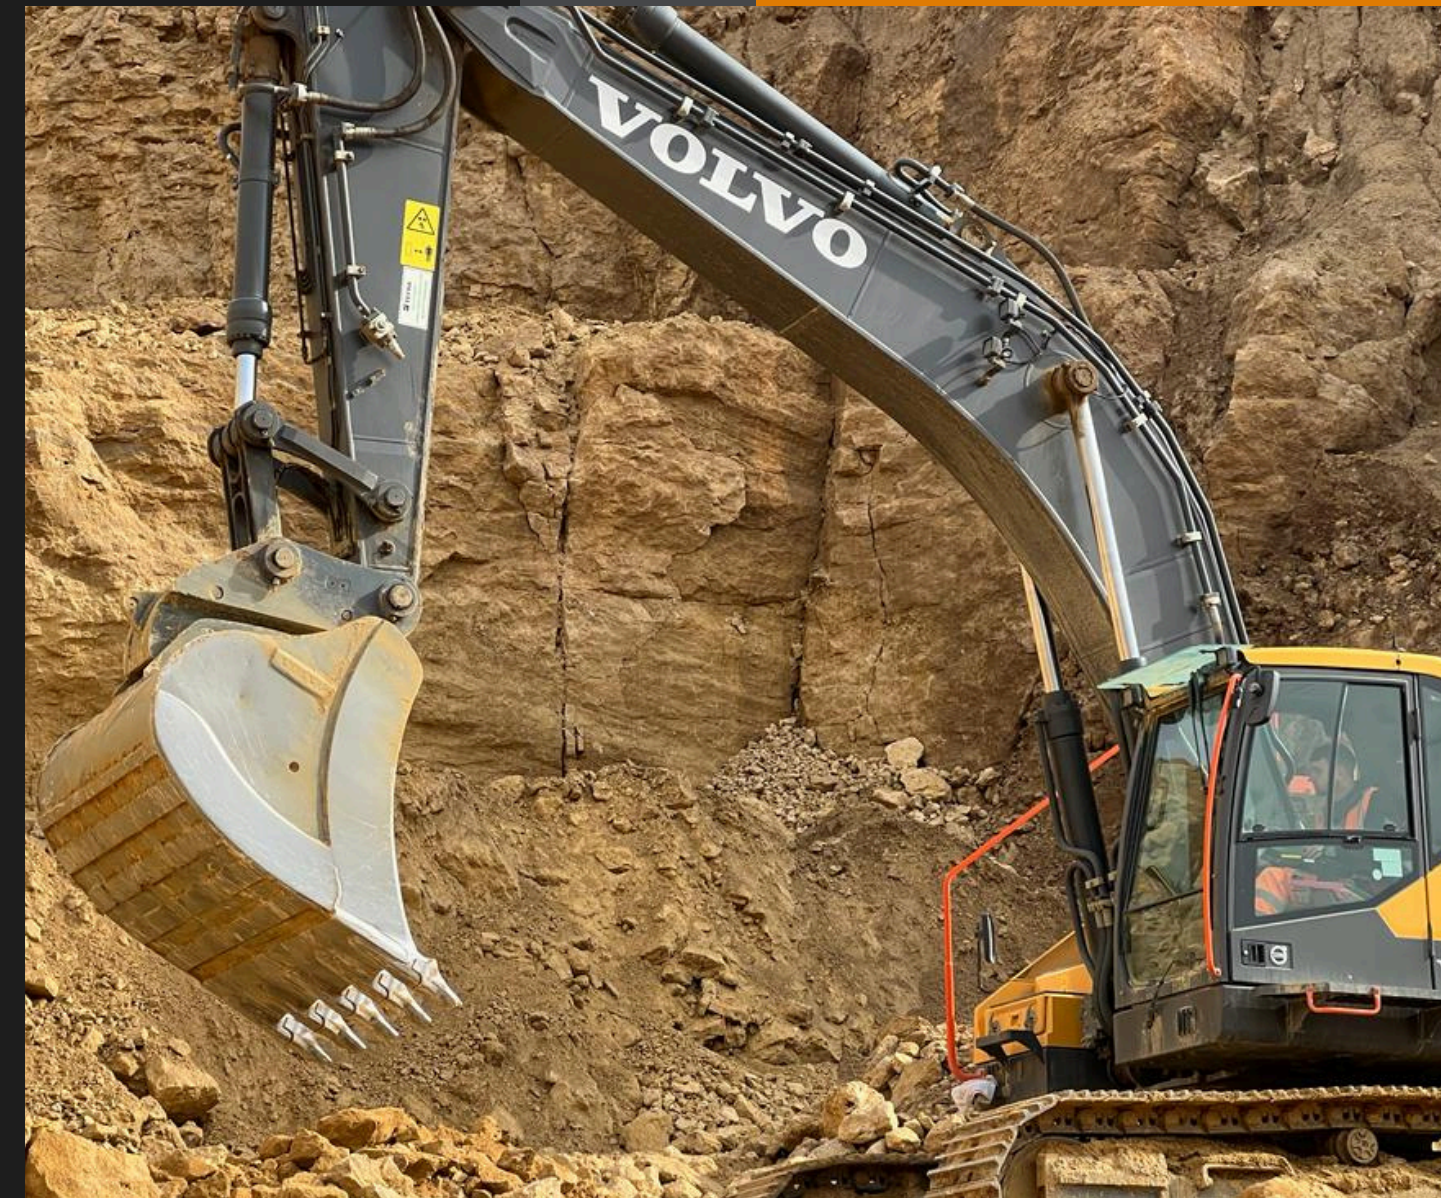

Dozers

Loading Shovels

360 Excavators

Mobile Crushing & Screening Plant

This list is not exhaustive please contact us to discuss your individual requirements

COMPETENCE WITHOUT COMPROMISE

GEOTECHNICAL

At MinTrain™ we pride ourselves on our innovative solutions that meet industry needs.

Our Geotechnical Level 1, 2, & 3 is specifically designed to provide information & training relevant to your quarrying operations. Delivered by Geotechnical experts ensuring that everyone has the right information to work safely and efficiently within this high-risk industry.
